Die Erfahrungstatsache, daß nur das Beste Bestand haben kann, ist stets unsere Richtschnur für die Herstellung unserer Feuerzeuge gewesen. Infolgedessen haben sich unsere Marken  und „Elisorn“ die rückhaltlose Anerkennung als die Zeichen für Zuverlässigkeit und beste Ausführung errungen.

Höchste Zündsicherheit, eine lange Brenndauer und eine gepflegte Ausführung sind die hervorragenden Merkmale der  und „Elisorn“-Fabrikate. Die sorgfältig durchdachten Konstruktionen und die erstklassige Qualität unserer Feuerzeuge haben  und „Elisorn“ an die Spitze der Feuerzeugmarken gestellt.

Jedes einzelne Feuerzeug wird vor dem Verlassen unseres Werkes genau kontrolliert und auf eine tadellose Funktion sorgfältig geprüft. Die einzelnen Teile unserer Feuerzeuge sind leicht auswechselbar, infolgedessen einfachste Instandsetzung.

Seule la meilleure qualité permet l'écoulement durable d'un article, et ce principe ayant toujours été notre règle pour la fabrication des nos briquets, nos marques  et „Elisorn“ ont obtenu la renommée absolue d'être l'indice certain de sûreté et perfection. Grâce à leur fabrication Ingénieuse et leur qualité éminente les briquets  et „Elisorn“ se trouvent à la tête des marques des briquets.

Les signes caractéristiques des briquets  et „Elisorn“ sont: un fonctionnement d'allumage parfait, une longue durée de l'essence et une présentation (forme et fini) luxueuse et moderne.

La fabrication de chaque briquet est soumise à un contrôle scrupuleux pour obtenir la certitude d'un fonctionnement satisfaisant à tous égards. Les différentes organes de nos briquets sont facilement échangeables et il est, en conséquence, très simple de les remettre, le cas échéant, en bon état.

The firm belief that only the best can command the market has been our guiding principle in Lighter manufacture. As a consequence, our Trade Marks  and „Elisorn“ have attained a high reputation as the guarantees of reliability and excellence of finish.

Never-falling ignition, long fuel-life and flawless finish are the outstanding features of the  and „Elisorn“ productions. Their carefully thought-out construction and superfine quality have placed them in the front rank of all articles of their kind.

Every single lighter is carefully examined and tested for faultless working, before leaving the Factory.

All parts are easily replaceable, and repairs are therefore simple to carry out.

Solamente lo mejor es estable. Este principio habiendo sido siempre nuestra base en cuanto a la fabricación de nuestros encendedores, nuestras marcas  y „Elisorn“ han obtenido la reputación de ser el signo de seguridad y de último entereza.

Las señales características de los artículos  y „Elisorn“ son un encendido infalible, una duración considerable del combustible y la última perfección del obraje. La construcción ingeniosa y la calidad eminente de nuestros encendedores han puesto nuestras marcas  y „Elisorn“ a la cabeza de las otras marcas de encendedores.

Cada uno de nuestros encendedores pasa una inspección escrupulosa para examinar, si el funcionamiento es satisfactorio por todos los aspectos. En caso de necesidad es sencillo efectuar la reparación ya que las diferentes partes de nuestros encendedores pueden cambiarse fácilmente.
